## MCS WINTER ACTIVITIES

Students had a blast skiing and snowboarding at Bretton Woods as part of this year's winter activities program. Every Tuesday for six weeks, students spent several hours at the mountain, improving their skiing and riding skills and enjoying some fresh air and exercise. We had many beginners this year, of all ages, and it was great to see them make huge strides by the end of the six weeks. Special thanks to all the staff and community members who helped out - Louisa Bliss, Nate Jordan, Jeff Greer, Electra Poulsen and Stephanie Chadburn were our instructors/chaperones, Molley Gilley ran the lodge, Marguerite Currier supplied us with her delicious homemade cookies each week, and many other folks helped out behind the scenes, with organizing, and making lunches, and helping me keep track of all the loose ends! Thanks to everyone.

Students who did not ski or snowboard traveled to Evergreen Sports Center in Lisbon, NH. There, each student had the choice to swim, take gymnastics classes or rock climb at North Country Climbing. All of our participants showed huge growth this year and we are already looking forward to winter program next year.

Check out our Monroe Consolidated School Facebook page for lots of winter program pictures!
